## PROFESSIONAL EXPERIENCE

### Hotel Chatbot Developer Freelance

AHOTEC

07/2025 – Present  
Online

- Built a full-stack hotel management app (for a group of 50 Ecuadorian hotels) with **Next.js**, **React**, **TypeScript**, **Prisma**, and **PostgreSQL**.
- Integrated **AI chatbot** and structured database architecture with **RESTful APIs** for streamlined hotel registration.

### Hotel Innovation Intern

San Jose de Puenbo Hotel and Conference Center, an Ascend Hotel Collection

05/2025 – 08/2025  
Quito, Ecuador

- Designed and deployed **NFC-enabled** guest cards providing access to hotel services.
- Integrated an **AskSuite AI-powered chatbot** with the hotel management system, enabling 24/7 automated support. Coordinated meetings and led the onboarding.

### Junior Programmer

Robalino Law

07/2024 – 08/2024  
Quito, Ecuador

Worked on the **BIPAT** (Business Intelligence Process Automated Technology) team, creating solutions for the firm's clients. Engaged in team projects simultaneously and created scripts in Python for the client's solutions.

### Supplier Database

San Jose de Puenbo Hotel and Conference Center, an Ascend Hotel Collection

07/2023 – 08/2023  
Quito, Ecuador

- Contacted and researched information regarding each vendor to build a complete database for all the hotel suppliers. Analyzed the profitability of each supplier.

### Design Specialist

Grupo Más

06/2023 – 07/2023  
Quito, Ecuador

- Created and planned the front-end of an app design to help in parking solutions.
- Used the Justinmind software for the prototyping of the app.

## EDUCATION

### B.Sc. Computer Science - Artificial Intelligence, Minor in Entrepreneurship

McGill University

09/2022 – 05/2026  
Montreal, Canada

### Colegio Menor San Francisco de Quito

Magna Cum Laude 93.34 GPA

06/2022  
Quito, Ecuador

## PROJECTS

### Nutria Health & Nutrition App

01/2025 – 04/2025

- Developed a **React Native** mobile app that tracks meals, provides personalized nutrition recommendations, and helps users maintain balanced diets.
- Integrated **health APIs and nutrition datasets** to deliver tailored insights and wellness guidance.

### Personal Portfolio Website

06/2025 – Present

- Built a modern portfolio site using **Next.js**, **React**, **TypeScript**, and **Tailwind CSS**.
- Implemented smooth animations, interactive project showcases, and a contact form with email integration.

## SKILLS

### Programming

Python, C, Java, Bash, Command-Line Interface, Assembler, Logisim, OCaml

### Languages

Spanish: Native, English: Fluent, French: Elementary Proficiency
