mauriciopersonalwebpage.vercel.app • French and Ecuadorian nationality

EDUCATION

B.Sc. in Computer Science and Artificial Intelligence; Minor in Entrepreneurship
McGill University

09/2022 – 12/2026
Montreal, Canada

High School Diploma, Magna Cum Laude; GPA: 93.34/100
Colegio Menor San Francisco de Quito

06/2022
Quito, Ecuador

PROFESSIONAL EXPERIENCE

Information Technology Solutions Intern

Ascend Hotel Collection Member, San Jose de Puenbo

05/2025 – 08/2025
Quito, Ecuador

- Integrated and deployed **Asksuite chatbot and AI reservation assistant** to provide **24/7 guest support**, serving **2,500+ guest interactions** across the web, Facebook, and Instagram.
- Boosted **client engagement** by generating **643+ monthly automated quotations** and processing **25,000+ guest messages** across channels at **90% accuracy**; **converted 20% of chatbot interactions** into sales opportunities.
- Deployed **NFC-enabled guest cards** in **78 rooms**, providing instant **one-tap access** to hotel services and increasing **client satisfaction by 50%**.

Research Analyst

Nan Magazine & Inter-American Development Bank (Freelance)

04/2025 – 12/2025
Ecuador

- Researched and curated **200+ Ecuadorian tourist destinations** for a government-backed **interactive digital map**, funded by the **Inter-American Development Bank (IDB)**.
- Presented to the **Ecuadorian Ministry of Tourism** as part of a tourism promotion initiative aimed at increasing the number of foreign tourists in Ecuador by **500,000 per year** over the next five years.

Junior Programmer Intern

Law Firm, Quito (Internship)

07/2024 – 08/2024
Quito, Ecuador

- Built **Python-based ETL** scripts to authenticate with and extract data from Lemontech's TimeBilling **REST API** (clients, matters, invoices, users), identifying underutilized fields, features, and data structures to inform **database optimization** recommendations.
- Audited the firm's **TimeBilling platform** usage, identifying **underutilized features and workflows**, and presented findings and recommendations to firm leadership to **improve efficiency** and capture additional billable value.

UI/UX Design Intern

GrupoMas, Quito (Internship)

06/2023 – 07/2023
Quito, Ecuador

- Designed and prototyped the full **front-end UI** for a parking solutions app using **Justinmind**, covering all **user flows** and **screen layouts** from concept to **clickable prototype**.

PROJECTS

KaraokeJam (FastAPI, React, Whisper, Demucs, Librosa, Web Audio API, Supabase)

11/2025

- Participated in McGill's CodeJam hackathon: engineered a **3-model real-time AI audio pipeline** (Demucs vocal separation + Librosa YIN pitch analysis + Whisper lyric alignment) achieving **<100ms end-to-end WebSocket latency** with a two-person team in **48 hours**.
- Implemented **Web Audio API mic capture** with **base64 float32 streaming**, a **tone-based scoring engine**, and **Supabase Postgres** with **RLS** and **object storage** for **session state** and **background audio jobs**.

Full-Stack Programmer

Freelance

07/2025 – Present
Remote

- Built a production **full-stack hotel-search chatbot** serving **50+ hotels** across Ecuador's hospitality sector: **Next.js 14**, **TypeScript** (**95.9% type coverage**), **Prisma ORM**, **PostgreSQL**; **4 RESTful API endpoints**.
- Integrated a **Mistral AI LLM** with **dynamic database context injection**, **NextAuth.js role-based access control**, and an **admin dashboard** for hotel registration, approval, and payment status management.

Nutria App Programmer

React Native, TypeScript (94.4%), Health API

01/2025 – 04/2025

- Built a **mobile app MVP** for an entrepreneurship class and later presented it in a pitch.
- Delivered **personalized meal tracking** and **nutrition recommendations**, integrating **AI APIs** for tailored dietary guidance.

SKILLS

Programming & Software: Python, TypeScript, JavaScript, SQL, Java, C, OCaml, Bash, Assembly, Git, Linux, Node.js, REST APIs, WebSockets

AI & Machine Learning: Whisper, Demucs, Librosa, PyTorch, Scikit-Learn, NumPy, Pandas, RAG

Web & Backend: Next.js, React, FastAPI, Prisma ORM, PostgreSQL, Supabase, NextAuth.js, Tailwind CSS, Vercel
